

When this national Canadian retailer wanted to make a statement that their clothing line is rugged and durable as well as environmentally sustainable, to highlight their fashions they chose rugged and durable FINCH HAVEN ORCHARDS APPLE CRATES.

Our apple crates are made from pine harvested locally, milled locally, and assembled at our own facility.

Many local workers are employed along the way.

FINCH HAVEN ORCHARDS

Apple Crates and Boxes

**Versatile and catchy —
this national retailer used our crates
to highlight their Retail Displays**

From concept through design to manufacture, we've produced our products for national, mid-sized and smaller companies across the country including retailers and event designers.
